LANGUAGES

Arabic : Native
English : Fluent
Chinese : Basics

SKILLS

Technical Skills:

- Solar Energy Expert
- Energy Management
- BMS Engineering
- Home Automation
- Microgrids Management
- Embedded Systems
- PLC & SCADA
- Web Development
- Android Development

Computer Skills

- MS Office
- C++ Language
- VB.NET Language
- MATLAB
- PSCAD
- AutoCAD
- ArtCAM
- Photoshop
- Premiere & AfterEffects
- Proteus

Soft Skills:

As I have participated in student activities and volunteering activities, I have developed

- Team working skills.
- Presentation skills.
- Leadership skills.
- Communication skills.

Certificates:

- WIPO: General course of intellectual property in Egypt. (Funded by ASRT).
- MITx: Becoming an Entrepreneur. (Funded by TIEC on edx)
- ITIDA: TIEC capacity building program for universities (InnovEgypt).
- Intel: ideation Workshop.

EDUCATION

BSc in Electrical Power & Machines Engineering – Faculty of Engineering, Tanta University
2014-2019

Graduated with a grade: Excellent with Honors, Ranking 5th of my class.
My project was on “Renewable Energy Systems”, grade: Excellent

MSc in Electrical Power & Machines Engineering – Faculty of Engineering, Tanta University
2014-Now

Still on preparing semesters

EXPERIENCE

Researcher –HVSC lab, Faculty of Engineering, Tanta University
Sept. 2019-Now

I'm currently working with a research team on an Energy related project, in the High Voltage and Super Conductivity lab, just as to help me accelerate my master's degree.

Trainee – EgyptAir
Jul. 2018

I have been an intern for Egypt air for a month learnt a lot about air planes in general and specially about avionics maintenance and was introduced to the control systems used inside an aero plane and was introduced into the steps to be taken to be an airplane maintenance engineer.

Online Trainee – Schneider Energy University
March. 2018

I have taken over 30 online courses provided by Schneider's Energy University website

Intern- Abu-Qir Power Plant
Jul. 2017

I have attended a summer training program for the month of July at Abu-Qir Power Plant, where I have learnt a lot about power generation process, both the mechanical part of the plant and the electrical part, and how all of that process is monitored and controlled using SCADA

Full Diploma and Practical Experience – Solar Energy Systems
2015-2019

I have attended a solar energy diploma, and multiple sessions which qualifies me to design and build a full PV system, on-grid or off-grid.
